---------- START TRANSMISSION ----------

UNCHAINED

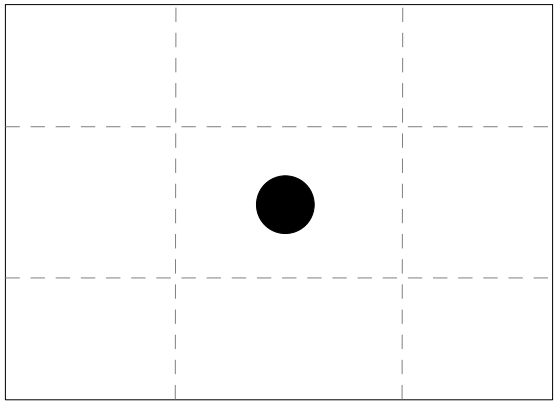

'RED CELL' IS A VIOLENT SPLINTER GROUP FORMED FROM WORD OF BLAKE REMNANTS. THEY MANDATE STRICT ADHERENCE TO THEIR INTERPRETATION OF BLAKEIST IDEOLOGY AND RESTRICT LOCAL POPULATIONS THEY CONTROL.

BLANTLEFF IS A SYSTEM IN THE MARIAN HEGEMONY NEAR THE FREE WORLDS LEAGUE. THE SYSTEM HAS TRADED HANDS BETWEEN THE LOTHIAN LEAGUE, CIRCINUS FEDERATION, AND MARIAN HEGEMONY SEVERAL TIMES OVER ITS HISTORY. THE LOTHIAN LEAGUE WOULD LIKE TO REGAIN THE SYSTEM.

'RED CELL' FORCES HAVE ARRIVED ON PLANET TO TAKE SLAVES FROM LOCAL MARIAN FORCES. YOUR MERCENARY FORCES HAVE ELECTED TO ATTACK THE 'RED CELL' FORCES AS THEY MEET THE MARIAN SLAVERS AND FREE THE SLAVES. LOTHIAN CANNOT PAY YOU TO ATTACK THE MARIANS, BUT THEY WOULD CERTAINLY APPRECIATE FEWER SLAVERS ON THEIR BORDER.

Unit Limits: 3K BV for each player force and a corresponding 1.5K BV each of Red Cell and Marian forces.

Map: One central mapsheet with a large base and 8 adjoining mapsheets with grasslands or forest terrain. Marian forces start inside of the base along with 4 markers for each player indicating the location of slaves. Multiple markers may be placed in the same hex if necessary. All Red Cell forces start on the outer edge of one of the mapsheets immediately adjacent to the center mapsheet (immediately north, south, east, or west, but not on the corner mapsheets). For Alpha Strike, mimic the terrain described above as best as possible given the play area size available.

Primary Objective: Destroy all Red Cell units. Earn a portion of 3M C-bills based upon the percentage of Red Cell units destroyed.

Secondary Objectives:
Break chains. Enter any hex (be within 2") containing a marker for the location of slaves with a unit equipped with an infantry bay. If the hex is not contested (no enemy units within 2") during the End Phase, then you may load the slaves into the infantry bay of your unit. Remove the marker from the board. If you are in an uncontested hex on the edge of the map (no enemy units within 2") during the End Phase of a subsequent turn, then you may free these slaves by unloading them. A unit may only carry one group of slaves per infantry bay at a time. If the carrying unit is destroyed, then the group perishes. Earn 500,000 C-bills for each group of slaves freed, up to 2M C-bills.

Tertiary Objectives: Bounties
While the Lothian government cannot directly issue payments for attacking Marian forces, they have elected to award bounties for ROM footage of heroic actions they can use in propaganda reels.

PAYMENT	ACTIVITY
100,000	COMPLETE A PHYSICAL ATTACK
100,000	COMPLETE AN ANTI-MECH ATTACK
250,000	KNOCK 'MECH PILOT UNCONSCIOUS
250,000	KILL ALL BUT 1 TROOP IN AN INFANTRY UNIT
250,000	HAVE A UNIT SCORE A HIT AT ALL 3 RANGES
250,000	COMPLETE A CHARGE ATTACK
250,000	COMPLETE A DEATH FROM ABOVE ATTACK
500,000	SHOOT A 'MECH IN THE HEAD
500,000	PHYSICAL ATTACK A 'MECH IN THE HEAD

GMs can modify this list to better match local preferences or the event theme. PesudoTech is a good place to look for additional bounties to add to the scenario.

Notes:
GM forces should consist of Word of Blake 'mechs and vehicles with infantry bays for Red Cell and Marian Hegemony 'mechs designed for anti-infantry attacks. The Marian Hegemony force should include at least one Centurion.

This scenario is intended to be inclusive of all players. It is important to ensure a friendly and welcoming environment.
